Mr. Gysbert van der Westhuyzen  
Senior Accountable Manager  
Soaring Society of Namibia (SSN)  
Joseph Wood Street,  
Klein Windhoek

18 September 2026

Dear Mr. van der Westhuyzen,

**SUBJECT: AUDIT/INSPECTION REPORT: SOARING SOCIETY OF NAMIBIA (SSN)**

We refer to the completion of the Audit / Inspection for SSN's Aviation Recreation Organization (ARO) Renewal Application.

The Namibia Civil Aviation Authority (NCAA) conducted the audit and inspection for SSN at the organization's operational bases (Pokweni and Veronica) from the 12-16 January 2026.

SSN submitted all required documentation and supporting evidence, which was reviewed and deemed acceptable. Consequently, no findings or observations were identified during the audit.

SSN demonstrated compliance with the applicable Namibian Civil Aviation Regulations (NAMCARs) and expressed its commitment to amending the Manual of Procedures (MOP) to ensure it remains current with regulatory requirements and international standards, reinforcing its dedication to the highest level of safety in its operations.

The cooperation extended to the NCAA-ARO team by SSN during the ARO Renewal process is appreciated.

If you need any information don't hesitate to contact us.

Your sincerely,

Ms. Toska Sem  
Executive Director
